

# Sweat & tonic body wash F001/2021

## EXPERIENCE A NEW HAPPINESS ROUTINE.

Finished working out? Don't head straight for the shower, take a second to cool down, exfoliate and rebalance your skin. Discover a second post-shower refreshing effect that will give you the smile you need.

## ATHLEISURE PLEASURE

An exciting mild body wash that provides gentle exfoliation, moisturization, and cooling. Contains jojoba beads that break down into oil on the skin and a natural extract that acts as a cooling agent.

## DISCOVER OUR BIO-BASED HUMECTANT

- Brontide® natural butylene glycol: Formulated in this body wash to provide hydration to your skin

## HOW TO USE

Apply 2 – 3 pumps in your hand, apply to sweaty wet skin and gently massage. The texture will break down and emulsify on your skin during application. Add warm water and the cream will transform into a dense foam. Rinse off with water.

## INGREDIENTS

| INCI Ingredients                   | Trade Name (Supplier)                | % w/w       |
|------------------------------------|--------------------------------------|-------------|
| <b>A</b> Aqua                      |                                      | 76.00       |
| Glycerin                           |                                      | 1.00        |
| Hydroxyethylcellulose              | Natrosol 250 HRR PC (Ashland)        | 1.20        |
| Lauroyl/Myristoyl Methyl Glucamide | Glucotain Flex (Clariant)            | 8.00        |
| Sodium Lauroyl Sarcosinate         | Pureact LSR (Innospec)               | 8.00        |
| <b>Butylene Glycol</b>             | <b>Brontide® 1,3-BG (Genomatica)</b> | <b>4.00</b> |
| <b>B</b> Phenoxyethanol            | Iscaguard                            | 1.00        |
| Menthone Glycerin Acetal           | Frescolat MGA (Symrise)              | 0.25        |
| Fragrance                          | Shining Star                         | 0.50        |
| Hydrogenated Natural Jojoba Oil    | Jojoba Pearls (Deep Sea Green)       | 0.50        |

## PREPARATION PROCEDURE
